AQ-1058-O

TECHNICAL SPECIFICATION

Product	- UV Purifier (5 Stage)
Purification	- 80 to 100 L/hr. (Liters per hour)
Dimensions (mm)	- 350 (W) x 220 (D) x 520 (H)
Categories	- Wall Mount
Input Pressure(min)	- 0.3 Kg/4.267 PSI
Input Pressure(max)	- 3 Kg/42.67 PSI
Working Pressure	- 20 to 150 PSI
Input Supply	- 220+ 10 VAC 50 HZ
Power Consumption	- 20 watts
Colour	- White/Cherry
Storage Tank	- None
Net Weight	- 3.9 Kg

TECHNICAL SPECIFICATION

Product	- RO + UF
Purification	- 12 to 15 L/hr. (Liters per hour)
Dimensions (mm)	- 350 (W) x 220 (D) x 520 (H)
Storage Tank cap	- 4 L (Liters)
Categories	- Wall Mount
Input Pressure(min)	- 0.3 Kg/4.267 PSI
Input Pressure(max)	- 3 Kg/42.67 PSI
Working Pressure	- 20 to 150 PSI
Input Supply	- 220+ 10 VAC 50 HZ
Power Consumption	- 50 watts
Colour	- White/Cherry
Storage Tank	- ABS
Net Weight	- 6.9 Kg

TECHNICAL SPECIFICATION

Product	- RO + UV + UF + pH + Antiscalant Water Purifier
Purification	- 12 to 15 L/hr. (Liters per hour)
Dimensions (mm)	- 350 (W) x 220 (D) x 520 (H)
Storage Tank cap	- 9 L (Liters)
Categories	- Wall Mount/Table Top
Input Pressure(min)	- 0.3 Kg/4.267 PSI
Input Pressure(max)	- 3 Kg/42.67 PSI
Working Pressure	- 20 to 150 PSI
Input Supply	- 220+ 10 VAC 50 HZ
Power Consumption	- 60 watts
Colour	- White/Cherry
Storage Tank	- Stainless Steel
Net Weight	- 11.3 Kg

AQ-010-XUD

TECHNICAL SPECIFICATION

Product	- Water Purifier RO with Dispenser
Gross Weight	- 34 Kg
Net Weight	- 25 Kg
Purification Flow Rate	- 10 L/hr. (Liter per Hour)
Dimensions (mm)	- 318 (W) x 318 (D) x 1060 (H)
Storage Capacity	- 10 Liter
Input Supply	- Single Phase 220±24 V AC, 50Hz
Filter Cartridges	- Pre Filter, Antiscalant, Sediment Filter, Carbon, RO Membrane

RESIDENTIAL & COMMERCIAL WATER MACHINES

Our Commercial Water Softeners and its filtration units to eliminate hardness that includes calcium, magnesium, iron, and manganese particles from the raw water and produce crystal clear potable water for your entire home or any of such facilities. Our Softening system comprise a Multi-Media filter and Softener that has premium ion-exchange resin to eliminate all heavy particles from water. Our Filtration system comprise Multi-media filter and Activated Carbon that has premium Carbons to eliminate Odor and color from water.

We offer a range of capacities from 500 liter per hour up to 5000 liter per hour.

These automated systems shall be used in many areas like:

- Independent Villas
- Apartments & Nursing Homes.
- Factories, Office Buildings, & Shopping Centers.

- Chemsbury offers complete solution for well/borehole and sea water desalination by using latest Reverse Osmosis Membrane technology.
- We offer complete RO desalination system for Commercial Industrial, Municipal and Agricultural needs.
- Our systems are designed to provide high quality drinking water to ensure maximum safety for our customers. We offer wide range of Reverse Osmosis system from 60LPH to 15,000 LPH.

It flows on forever...

We believe in accomplishments that are driven by aspiration and purpose. Understanding the needs and wants of the industrial community, Chemsbury strives to make meaningful contributions that catalyze industrial growth and national progress. We identify commitment to the customer and consistency in performance as key factors. This marks us head and shoulders above as a reliable partner in the efforts to combat supply chain challenges. Our expertise spans across energy, water, environment and infrastructure realms and we design, develop and deliver integrated solutions that seamlessly support exponential growth and progress in the region at large.

The Chemsbury commitment transcends advanced technologies to deliver innovative solutions that maximize resource availability and drive efficiencies, and aims at making the planet a better place for living.
